Dr. Qi (Rose) Yu is hiring PhD students in Machine Learning & Data Mining.

Research Topics
learning from large-scale time series/spatiotemporal data, tensor methods, spatio-temporal modeling, sequential decision making and their applications

About Northeastern CS PHD Program
http://www.ccis.northeastern.edu/program/computer-science-phd/
Highlights:
- Large program with 62 faculty
- #18 for AI on CSRanking (http://csrankings.org/#)
- Full financial support, 1st year PhD fellowship
- Located in downtown Boston, #8 Best Places to Live on USNews

About Dr. Rose Yu
https://www.ccis.northeastern.edu/people/rose-yu/
Highlights:
- Postdoc in CMS at Caltech, PhD in CS from USC
- Over a dozen top machine learning/data mining conference papers
- Industrial experiences with IBM, Microsoft, Yahoo, Intel
- Awards: ACM scholarship, MIT Rising Stars in EECS, Microsoft Young Scholar
